Bennett Elementary Has Innovative Programs

The faculty and the administration would like to take this opportunity to thank the community for their support and cooperation during our first years of operation in the elementary school. The board, the faculty, and the administration has had time to develop a school the community can be proud of. Your school is now recognized all over the state of Colorado and by many out of state educators as one of the fine examples of what an elementary school should be.

With your continued support and cooperation, we feel it will be just a short time until we can have a total K-12 program we can be proud of.

School Board Advances Education in Many Directions

The enrollment of District 29J is steadily increasing. The school population is at the peak of five-hundred. The staff includes twenty-five teachers, thirteen teacher aides, and twelve other employees.

The School Board composed of five members and the superintendent spend many hours planning policy, consulting with the administration, working with citizens' committees, and working with consultants to improve the Bennett schools.

The Board should be praised highly for all the time they devote to the education of the children of the District. The community should be commended for the fine support they give to the school.

BHS Enrollment Reaches a Peak of 200

The appearance of the 1972-73 "Yearbook" will mark the near completion of another school year. This annual, a storehouse of memories, will through the years keep this year fresh in your mind with its relivable moments of the experiences that you have shared within the walls of Bennett High School.

Your school days are the happier times of your life. You have made many friends; they will grow as the years pass. You will carry with you the rest of your life the same drive that you have developed here. Knowledge and skill from educational training were here for the asking. Have you taken advantage of this opportunity?

Mathematics, Science, English and Social Studies

Amid geometric figures, angles, compasses, graphs and equations, the math department taught the concepts of mathematics. The subject matter ranged from elementary math to advanced math. Mathematics classes available were Algebra I and II, Geometry, Advanced Math, Business Math and General Math.

Appreciation for authors past and present grew as reading assignments were pursued in anthologies and paperbacks. Grammar assignments extended student's knowledge of writing. Vocational English and English on the Job were added to the curriculum. This addition allowed the upper classmen to select courses to fit their needs.

General science, earth science, biology, chemistry, and physics provided a comprehensive curriculum in the science department. Students achieved new understanding of the life processes through lab experiments and exercises in problem solving. Chemistry and physics were available to upper classmen.

The Social Studies Department stresses the understanding of human behavior as well as the important events of history. Present-day occurrences in the world are analyzed and discussed. The classes offered are sociology, psychology, government, economics, civics, world history and Colorado history.

Basic Skills Develop in Business Education

Sixteen students participated in the Drivers' Education program. This program stresses the attitude of the good driver rather than the skill of driving. An effort is made to change the bad driving habits that have already been developed by the students. Other areas that are covered is safety, other driver's mistakes to be aware of, how to control emergencies, and the maintenance of a car.

Thirty-six Jr. High and thirteen high school girls enrolled in girls' P.E. classes. The fundamentals of volleyball, basketball and touch football are taught. The high school girls also learn the individual life sports.

Twenty-two students are in the Vocational Business classes. In the program the students learn filing, data processing, office machines and office occupations.

Other classes offered by the business department are Shorthand I and II, typing, bookkeeping and business law.

The vocational agriculture department offers a variety of courses for the boys. Ag. mechanics, feed and feedings, carpentry, farm management and judging in the following areas: crops, farm mechanics, dairy, livestock and horses are offered this year.

Bottle cutting and leathercraft was also offered as an elective course.

Seventeen girls are enrolled in Home Ec I, II, and III. The girls in these classes learn food and nutrition, clothing and textiles, child development, consumer education, interior decoration, and family life.

Second semester a new class, consumer education for boys, was added to the home economics curriculum. Three boys took this course.

FHA Installs New Members at Parent-Daughter Banquet

On October 11, 1972, the Bennett High School FHA held their annual banquet at Nickerson Farms. After the meal was served, Pam Dickason and Mariella Woodworth presented a relaxer, America, for the guests. Rex Wailes, FFA President, was the guest speaker of the evening. Kathy Pinzenscham installed the new officers of the Chapter. Joan Bordner, incoming president, installed three new members and the chapter parents Mr. and Mrs. Norman Toft and Mr. and Mrs. Zell Woodworth.

Merritt Hutton Installs Bennett FBLA Chapter

President Lee Norkosky is awarded Charter.

The Bennett FBLA Chapter was formally installed this year by Merritt Hutton High School. The chapter has been busy selling "Right on Tigers" t-shirts to add spirit to the Bennett athletic teams. Later this year, the Chapter will be involved in State and District Business contests. The Chapter hopes to get involved in some other interesting projects and the year looks to be a prosperous one for everybody.

Officers of Merritt Hutton visit Bennett to install chapter.

During the month of October, the FHA was busy with a Dime-a-Dip Supper and a talent show. They were also active during December as they made and served cookies for five-hundred senior citizens at a Christmas party.

In the spring, the FHA invited their mothers to a Mother-Daughter fun night and their fathers to a Father-Daughter date night. Easter parties were given for the elementary students and the highlight of the year was a Senior Breakfast given for all the senior girls.

The membership of the Future Business Leaders of America increased from four members to sixteen members during the 1972-1973 school year.

This new organization to B.H.S. was very active. In the fall the entire group went to Merritt Hutton High School, Thornton, Colorado, to observe the procedure they used in their meetings. On November 17, the club played volleyball with the faculty to earn money. In December they had a bake sale. After Christmas the thing to do was to buy a Right on Tiger T-shirt from the members.

Student Council Acts as Student-Governing Body

The Student Council under the sponsorship of Mrs. Shirley Baker has strived to become the voice of B.H.S. student body. This organization is composed of members from each class and each organization.

They have had two movies to make money. One of these movies was on Halloween and a contest was held for the best costume for grade school children.

To promote school spirit, they chose a basketball player to be "Tiger of the Week." His prize was a package of chewing gum compliments of student council.

This group also provided student helpers when groups needed assistance.

Supporting the athletic team is the main purpose of the twenty-five pep club members. This active group sold magazines in the fall, participated in the Homecoming Activities during football season, crowned Mr. and Miss B.H.S. on February 16, 1973, and ran the concession stand during football and basketball season.

To honor the boys and coaches, the Athletic Banquet will be held in April.

Enthusiastic Cheerleaders Build Spirit

The Cheerleaders practiced on every Tuesday and Thursday of each week during basketball and football season. Under the supervision of Mrs. Vicki Mader, the cheerleaders presented several pom-pom routines during the basketball games. During their practices, Mrs. Mader added many new chants and greatly helped the cheerleaders.

In April, the school will vote on next year's cheerleaders. We wish each and every one of them the best of luck in "74."

The Bennett Tigers played very well this year. Talking with Coach Read we quote him as saying "I wasn't disappointed in the team but in the scores. It was a great team effort."

The 3-1 record enabled the Tigers to gain second place in the U.P. League.

Playing at Bennett, the team utterly demolished the Huskies of Platte Canyon. Then the following week, the Elizabeth Cardinals beat the Tigers in a heartbreaker 15-12. After this defeat, the team scored victories over the Byers Bulldogs and the Strasburg Indians to finish the season with a 3-1 record. The team would have liked a 4-0 record, but the breaks of the Elizabeth game made this an impossibility to reach. All in all, it was a great season and the school is proud of the team. The loss of the five seniors will be noticed, but the Tigers should be able to compensate for the loss next year.

The Junior High School team finished their season with a 2-1 record. With the coaching of Mr. Read, the junior high played with great skill. Their first game was against the Byers Bulldogs which they won easily. Although they were defeated in their next game against the Elizabeth Cardinals 16-0, they played outstandingly. In their last game of the season, the Tigers defeated Byers for their second time. Next year's varsity football team will profit greatly from the addition of the graduating eighth grade talent.

I, Fritz Mellenthin, will my ability to avoid driving tickets to John Ewing, my ability to end up in a ditch to Albert B., my ability to tear up a car to Donna Bothwell, and my straight hair to Duke E.

I, Ken Norkosky, will my ability to grow my hair long enough to cover my ears to Brad Pennington, my ability to grow straight hair to Wayne Vetter, and my shortness to Tom Sauter.

I, Lee Norkosky, will my blue '55 Ford to Brad Pennington, and my library experience along with everything else I learned at B.H.S. to my two younger sisters who still have to go through it.

I, Kirby Rozack, will my ability to grow a moustache to Rhonda Stone, my intelligence to Mr. Keesecker, to Fat Albert, (the wethead), I will my "dry look," to Cheri Widner I will some of my ability to stay on a horse, and to my brother Mark, I will some of my common sense.

I, Diana Tupps, will these words to the students of B.H.S., "Take good care of your future, for that is where you are going to spend the rest of your life," and to the teachers of good ol' Bennett High remember, "The greatest oak was once just a little nut who held his ground."

I, Rec Wailes, will my immatureness to Mrs. Baker, my International pick-up to Mr. Read, and my rowdiness in which I always get caught to Lee Lancaster.

I, Woody, will my beautiful hair crop complete with face fuzz to Kevin Mitchell, my ability to have fun during "drag" times to Kim, and my body to the girls of "74" for close observation.

Senior Class Prophecy

In the year 1978

We board a 747 jumbo jet on a world tour to visit the Bennett "graduates" of 1973. We are greeted by our stewardess, Frank B., who introduces us to our pilotess, Diana T.

We head West to Carson City, Nevada, where we find Rodeo Rex, the Super Stud Tex. The rodeo announcer blares over the loud speaker "And here he comes, out of chute #3, Rodeo Rex in the National Goat Roping Contest!" We regret to say that he lost the contest, but won national recommendation for his beautiful fall. We leave him with these parting words, "Anybody got a chew?"

Going Southward, we fly low over Mexico. Looking down, we spot our two old friends Barb L. and JoAnn B. eating tacos at a corner cafe.

Our flight pattern now heads West across the Pacific Ocean. Our layover in China finds us in the restaurant of Fritz M., who has himself well established in Chinese food.

As we pass through Japan, some of the men take in a Geisha House and to our surprise we find Lee N. as the head back scratcher of the Geishas. Chatting with her, we find that Woody is now maintaining himself in Arabia. So Arabia it is.

When we arrive, we find he lives in a big castle on the hill. Upon entering, we find Woody, surrounded by a harem of beautiful girls, engaged in the smoke of his opium pipe. Being unable to carry on a decent conversation, we leave him as the girls fill him with grapes.

Take-off finds us with a stowaway. To our great astonishment that stowaway is our "friend" Roger D. Diana comes over the intercom and tells us we are now on our way to Cuba. At this time we know we are highjacked. After we leave Roger in Cuba, we head off to continue our journey.

Heading East, we land deep in the Congolian Jungle in Africa. There we find another true friend, Lew A., stringing teeth among the pygmy villagers. Fighting our way back through the jungle, we find the plane. Around it were 2,000 natives and around the campfire they were chanting the words OO GA BOO GA, which was later translated as "Burn Bird Burn." You may think we are stranded now, but out of nowhere came two Peace Corp members, Billy and Joan. They chartered us 15 elephants for our long journey from Africa.

Spain is our next destination. Bullfighting season is here! Matador Bothwell was to kill an 8,000 pound bull. After the fight, we visited him in the Spainada hospital.

As we arrive in Italy, we are greeted by Mike E., now known as Italian playboy "Miquel de Magnifico."

As we read magazines on the trip to Poland, we read that Merna is a successful model now. Over the Polish Bay, we see Kenny N. selling sausage on his ship the KNSB, being pursued by Moby Dick.

We have a friend in Moscow, old Kirby R. He is now an American Ambassador for the USSR.

Australia brings us to Randy B., who is world famous for his winning kangaroos. He's bringing them to the Indy 500.

For our journey home, we land in Los Angeles. We meet Theresa going home to Ohio to her husband and twelve kids. Arriving in Denver, the group pauses to look back at the trip. The seniors of '73 really have made great advances in the modern world.

From the Editor's Pen

The Annual Staff sincerely hopes that you enjoy The 1973 Tiger. We have enjoyed putting it out and regard it as a great learning experience as well as a lot of fun. We would like to take this time to thank those who assisted us in producing this book. Pat Wolfinbarger and Pam Dickason deserve extra thanks for devoting their time in taking snapshots for the staff. A special thanks goes to Mrs. Young, whom we all admire for her patience, knowledge, and guidance. We truly enjoyed working with her and hope she didn't mind us too much. When memory must fortify nostalgia, this annual will help recall the treasured memories. B.H.S. is ours and we are proud to be a part of it.
